

Specification

1. Model: D-CAST-COB-10W
2. Power: 1x10W
3. Dimensions: Dia165xH70MM
4. Color Temp.: Pure white (5000-7000K)/Warm White (2700-3500K)
5. Luminous (lm): Pure white: 900LM/Warm White: 850LM
6. CRI: Pure white: 80Ra/Warm White: 75Ra
7. Input working: AC85-265V
8. Material: Aluminum+PC
9. Cut off hole : dia142mm

Feature :

1. Input Voltage: 85-265VAC, Wide voltage design, available for whole world use.
2. Appearance: Milky white, the same with housing finish color, creating a mood that is warm and cozy.
3. Material: Aluminum alloy and PMMA/Glass light guide plate.
4. Chips: Apply the high lumen Epistar chips as light source to insure high luminous flux and conformity light output.
5. Heat dissipation: The multi-fin casting design ensures full heat dissipation.
6. Driver: External driver, waterproof, IP65.
7. Dimmable is also available.
